

🎓 Qualified IB Tutor | BSc Physics

I recently graduated with a Bachelor's degree in Physics from the University of Copenhagen. I have a passion for teaching and enjoy helping students grasp complex concepts in Physics, Calculus, and Maths. My approach is to make learning engaging and accessible, fostering a deep understanding that goes beyond the classroom. I'm dedicated to helping my students achieve their academic goals.

Teaches: Maths Calculus Physics

Curriculum: IB

Qualifications

University of Copenhagen: BSc Physics (2020-2024)

International Baccalaureate: Qualified Online Tutor (Physics and Mathematics HL/SL)

Danish Upper Secondary: School Leaving Examination (STX)

Qualified Online Tutor: (Mathematics and Physics)

Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

My tutoring experience began in my final year of high school when I volunteered to help younger students struggling with Physics and Maths. This experience ignited my passion for teaching. During university, I continued tutoring fellow students, assisting them in preparing for exams and understanding difficult topics. I've also worked with students from various international backgrounds, adapting my teaching style to suit their needs. My goal is to make complex subjects understandable and enjoyable, ensuring that my students gain confidence in their abilities. I'm particularly proud of helping a student raise their IB Physics grade from a 4 to a 6 through regular tutoring sessions. I'm committed to continuing this journey of guiding students to success.
